

Business Law Constitution Project

What is a Constitution? Why does a country have a Constitution? Are there countries without a Constitution? In this project you will do research and prepare a presentation comparing the US Constitution to the constitution from another country.

Choose a partner. There is a copy of the US Constitution in the back of our textbook. Here are two websites you can use, as well as others you may find through your own searching, that give the Constitutions for foreign countries:

<http://www.oefre.unibe.ch/law/icl/index.html>

Create a PowerPoint that compares at least 5 major points of the US Constitution with the Constitution from a foreign country of your choosing. Include information about how and when that country's constitution was established, as well as any major revisions. Use clipart and be creative. Each team will present their PowerPoint to the class. You have 5 class periods to complete this project.
