MSDS Assignment

Each student is to find a chemical that is used within the lab. Take the chemical container to their desk and answer the following questions: (2pts each)

- 1) Who is the manufacturer of the product?
- 2) What is the brand name of product.
- 3) Website address of manufacturer.
- 4) Is website address listed on the container?
- 5) List any safety information that is noted on the container.
- 6) What do we use the chemical for in the lab?

Download a copy of the MSDS. Save a copy of the MSDS in your home folder. Print a copy of the MSDS and complete the MSDS worksheet with the information provided on your MSDS. Attach a copy of the MSDS to the worksheet and turn in for credit. (5pts)
