## Process Standard I-6

### Missouri Comprehensive Guidance and Counseling Program

The critical components of The Missouri Comprehensive Guidance and Counseling Program are defined in the MSIP 5 I-6 Process Standard & Indicators and detailed in this checklist. Meeting these criteria will ensure that districts and buildings meet MSIP 5 standards. Effective implementation of these components will produce a quality guidance and counseling program.

The six MSIP 5 Process Standards have been collapsed into 5 criteria on this checklist as Indicator Three regarding the regular review and revision of the guidance curriculum is embedded in Standard two on this checklist.

The purpose of this Checklist is to provide a straightforward list of program expectations. Checking the Yes box means only that the component of the Comprehensive Guidance and Counseling Program is present. In order to determine the degree of implementation of the components, The Internal Improvement Review (IIR) should be completed.

MSIP 5 defines a Comprehensive Guidance and Counseling Program as being fully implemented when:

### ***Guidance and Counseling is an Essential and Fully Integrated Part of the Instructional Program***

When this standard is achieved, the ultimate purpose of helping students fully address their personal/social, academic, and personal needs and overcoming their barriers to learning can be better realized.
