

International Business

Using Magazines and the internet, you are to create a visual representation what you consider "International Business"

Keep in mind the following terms to help: domestic business, imports, exports, culture, trade barriers, geography, climate, Economy, Social factors, political factors

This project can include pictures, words, graphs, numbers, symbols, etc as long as they are school-appropriate.

Action Steps:

1. Draw your profile
2. Find pictures/words
3. Cover your entire profile
4. Be prepared to discuss
5. Turn in project with this page

Absolutely Astounding	Basically Beautiful	Cautiously Correct	Definitely a Do-Over
Entire profile was covered with colored images and words that reflected the author's interpretation of the topic.	Most of the profile was covered with colored images and words that reflected the author's interpretation of the topic.	Half of the profile was covered with colored images and words that somewhat reflected the author's interpretation of the topic.	Most of the profile was uncovered and the author could not or would not reflect on their interpretation of the topic.
