

**DESE Model Curriculum**

GRADE LEVEL/UNIT TITLE: 10-12/Accounting Adjustments

CIP Code: 52.0803

Course Code: 034312

**COURSE INTRODUCTION:**

This course is designed to help students acquire a more thorough, in-depth knowledge of accounting procedures and techniques utilized in solving business problems and making financial decisions. Students will develop skills in analyzing and interpreting information common to partnerships and corporations, preparing formal statements and supporting schedules, and using inventory and budgetary control systems. Computer applications should be integrated in each appropriate instructional unit.

<p><b>UNIT DESCRIPTION:</b></p> <p>Students will learn the terms, concepts, and processes used for accounting adjustments.</p>	<p><b>SUGGESTED UNIT TIMELINE:</b> 6 weeks</p> <p><b>CLASS PERIOD (min.):</b> 50</p>
--	--

<p><b>ESSENTIAL QUESTIONS:</b></p> <ul style="list-style-type: none"> <li>A. Why are there different types of assets?</li> <li>B. What are some accounts that need to have adjustments before preparing end-of-fiscal period reports?</li> <li>C. What is the purpose of depreciating plant assets?</li> <li>D. How do businesses decide which method of depreciation to use?</li> </ul>
--

ESSENTIAL MEASURABLE LEARNING OBJECTIVES	CCSS LEARNING GOALS (Anchor Standards/Clusters)	CROSSWALK TO STANDARDS				
		GLEs/CLEs	PS	CCSS	OTHER	DOK
1. Define accounting terms related to plant assets and depreciation.				RST.11-12.4 RI.11-12.4 L.11-12.6 RH.11-12.4 SL.11-12.1	ACCT IV.B.3-4.7 ACCT IV.B.3-4.9	1
2. Identify accounting concepts and practices related to accounting for plant assets and depreciation.				RI.11-12.3 RST.11-12.1 RH.11-12.4 SL.11-12.1	ACCT IV.A.3-4.1	1
3. Journalize entries for plant assets				RST.11-12.7	ACCT IV.B.3-4.7	4
4. Calculate and record property tax expense				N-Q.1 A-CED.1	ACCT IV.B.3-4.7	4

**DESE Model Curriculum**

GRADE LEVEL/UNIT TITLE: 10-12/Accounting Adjustments

				A-CED.1 A-CED.4		
<b>18. Journalize adjusting and reversing entries for accrued revenue</b>				RST.11-12.7 N-Q.1 A-CED.1 A-CED.4	<b>ACCT V.3-4.8</b>	<b>4</b>
<p><b>ASSESSMENT DESCRIPTIONS*:</b> (Write a brief overview here. Identify Formative/Summative. Actual assessments will be accessed by a link to PDF file or Word doc. )</p> <p><b>Utilize South-Western textbook objective tests (summative)</b>  <b>Utilize South-Western textbook performance tests (summative)</b></p> <p><b>*Attach Unit Summative Assessment, including Scoring Guides/Scoring Keys/Alignment Codes and DOK Levels for all items. Label each assessment according to the unit descriptions above ( i.e., Grade Level/Course Title/Course Code, Unit #.)</b></p>						
<b>Obj. #</b>	<b>INSTRUCTIONAL STRATEGIES (research-based): (Teacher Methods)</b>					
1, 2	1. Teacher will present new terminology related to accounting terms as well as identify accounting concepts and practices related to plant assets and depreciation.					
3	2. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize entries to record buying plant assets.					
4	3. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to calculate and journalize property tax.					
5	4. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to calculate depreciation using the straight-line method.					
3,5	5. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize annual depreciation

	expense.
6	6. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to record disposal or sale of plant assets.
7	7. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to calculate depreciation expense using straight-line, declining-balance, sum-of-the-years'-digits, production-unit, and MACRS methods.
3	8. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to calculate depletion expense using production-unit method.
9, 10	9. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to define accounting terms as well as identify accounting concepts and practices related to notes payable, prepaid expenses, and accrued expenses.
11	10. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize notes payable transactions.
12	11. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize adjusting and reversing entries for prepaid expenses initially recorded as expenses.
13	12. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize adjusting and reversing entries for accrued expenses.
14, 15	13. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to define accounting terms as well as identify accounting concepts and practices related to notes receivable, unearned revenue, and accrued revenues.
16	14. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize transactions for note

	receivable.
17	15. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize adjusting and reversing entries for unearned revenue initially recorded as revenue.
18	16. The teacher will present new material in small steps, model and provide guided practice, review the material, question students to connect new material to prior learning, check for understanding, and then monitor guided practice to journalize adjusting and reversing entries for accrued revenue.
Obj. #	INSTRUCTIONAL ACTIVITIES: (What Students Do)
1, 2	1. The student will define accounting terms as well as identify accounting concepts and practices related to plant assets and depreciation.
3	2. The student will journalize entries to record buying plant assets.
4	3. The student will calculate and journalize property tax.
5	4. The student will calculate depreciation using the straight-line method.
3,5	5. The student will journalize annual depreciation expense.
6	6. The student will record disposal or sale of plant assets.
7	7. The student will calculate depreciation expense using straight-line, declining-balance, sum-of-the-years'-digits, production-unit, and MACRS methods.
3	8. The student will calculate depletion expense using production-unit method.
9, 10	9. The student will define accounting terms as well as identify accounting concepts and practices related to notes payable, prepaid expenses, and accrued expenses.
11	10. The student will journalize notes payable transactions.
12	11. The student will journalize adjusting and reversing entries for prepaid expenses initially recorded as expenses.
