The activity that is the subject of this report was supported in whole or in part by funds from the Department of Elementary and Secondary Education, Division of Vocational and Adult Education. However, the opinions expressed herein do not necessarily reflect the position or policies of the Missouri Department of Elementary and Secondary Education or the Division of Vocational and Adult Education, and no official endorsement should be inferred.

Acknowledgments

Exploring Agriculture in America is a curriculum designed to provide instruction about agriculture for seventh and eighth grade students. Funding for the curriculum development project was provided through a grant from the Missouri Department of Elementary and Secondary Education (MDESE).

Recognition is given to advisory committee members for providing their valuable time and suggestions in developing the outline for this curriculum. The committee consisted of Nancy Alford, Dan Burkemper, Leigh Burkhalter, Sammy Cox, Jim Dyer, Sheila Keener, Mike Marsch, Robin Peiter, Tim Reller, and Chuck Wilson.

Thanks are also extended to Jim Russell for his expertise in developing the presentation component of this curriculum.

Appreciation is expressed to the following staff members of the Instructional Materials Laboratory for their efforts in producing this material: Dana Tannehill, Director; Marie Korte, Editor; Janis Levsen, Assistant Editor; Susan Rhyne, Editor; Kim Freese, Graphic Artist; and Amy Surber, Editorial Assistant.

Foreword

Instruction about agriculture is important for the development of an educated citizenry. Every person has a vested interest in agriculture. The future of human beings is directly dependent upon agriculture. *Exploring Agriculture in America* was developed to inform students about the industry that is so vital to their future.

This student reference contains seven units: Introduction to Agriculture, Plant Science, Animals in Society, Products from Agriculture, Natural Resources and Conservation, Leadership and Personal Development, and Basic Home and Farmstead Safety and Maintenance.

Table of Contents

Acknowledgments.....	iii
Foreword.....	iv
Table of Contents.....	v
UNIT I - INTRODUCTION TO AGRICULTURE	
Lesson 1–Agriculture: What Is It?	I-1
What Is Agriculture?	
Agriculture in Your Daily Life	
Major Sectors of the Agricultural Industry	
Lesson 2–Agriculture in the World	I-3
Importance of Agriculture in the World	
Agricultural Differences in the World	
Agricultural Commodities Produced in Major World Regions	
Role of U.S. Agriculture in the World Market	
Lesson 3–Agriculture in the United States	I-6
Agricultural Production	
Success of Agriculture in the United States	
Goals of Agriculture	
Evolution of U.S. Agriculture	
Historical Impact of Changes in Agriculture	
Lesson 4–Agriculture in Missouri	I-8
Commodities Produced in Missouri	
Importance of Agriculture in Missouri	
Missouri Agriculture Has Changed	
Lesson 5–Advances in Agricultural Technology	I-10
Recent Changes in Agriculture	
Future Changes	
Implications of Change	
UNIT II - PLANT SCIENCE	
Lesson 1–The Importance of Plants	II-1
Benefits of Plants	
Plant Science Areas	
Economic Importance in Missouri	
Lesson 2–Plant Parts and Processes	II-2
Main Parts of a Plant	
Plant Reproduction	
Parts of the Flower	
Seed Germination	
Photosynthesis	
Annual, Biennial, and Perennial	
Monocots and Dicots	
Lesson 3–The Growing Medium	II-4
Soil	
Components of Soil	
Growing Medium	
Soilless Mix	
Hydroponics	

Lesson 4–Plant Care Requirements.....	II-6
Plant Growth Factors	
Essential Nutrients	
Care of Indoor Plants	
Care of Outdoor Plants	
Lesson 5–Technologies Used in Plant Agriculture	II-8
Satellite Systems Used in Plant Production	
Genetic Engineering	
Effects of Emerging Technologies on Plant Production	
Plant Technology Issues	
 UNIT III - ANIMALS IN SOCIETY	
Lesson 1–The Importance of Animals	III-1
The Importance of Animals	
Types of Animals in Agriculture	
Services and Products	
Lesson 2–Responsibilities of Animal Ownership.....	III-2
Responsibilities	
Animal Welfare	
Animal Control Regulations	
Lesson 3–Selecting an Animal	III-4
Facilities and Resources	
Selecting a Pet	
Sources of Pets	
Selecting Livestock or Fish	
Sources of Livestock or Fish	
Lesson 4–Current and Emerging Technologies	III-6
Natural Mating	
Alternative Reproductive Practices	
Systems Management Technology	
 UNIT IV - PRODUCTS FROM AGRICULTURE	
Lesson 1–Agriculture in the Food Chain	IV-1
Nature's Food Chain	
The Food Chain and People	
Agriculture and the Food Chain	
Lesson 2–Food Products from Plants	IV-3
Food Products from Grain	
Food Products from Vegetables	
Food Products from Fruits	
Food Products from Other Plants	
Understanding Food Labels	
Lesson 3–Food Products from Animals	IV-4
Food from Meat Animals	
Dairy Products	
Fish and Seafood	
Processed Meats	
Meat Labels	
Lesson 4–Food Processing and Food Safety	IV-6
Food Processing	
Reasons for Processing	
Methods for Processing	
Processing from Producer to Consumer	
Food Product Safety	
Food Preparation, Quality, and Safety	

Lesson 5–Fiber Products from Agriculture	IV-9
Fiber Products from Plants	
Fiber Products from Animals	
Synthetic Fibers	
Natural Fibers vs. Synthetic Fibers	
Lesson 6–Nonfood Products from Agriculture	IV-10
Products from Grain	
Products from Trees	
Products from Other Plants	
Products from Livestock	
 UNIT V - NATURAL RESOURCES AND CONSERVATION	
Lesson 1–Natural Resources	V-1
Natural Resources	
Inexhaustible and Exhaustible Resources	
Conserving Natural Resources	
Conservation and Preservation	
Protective Agencies	
Pollution	
Lesson 2–Soil Conservation	V-3
Factors in Soil Erosion	
Soil Erosion and Food Production	
Soil Conservation	
Soil Conservation Practices	
Lesson 3–Water Quality	V-5
The Hydrologic Cycle	
Water Quality	
Factors Affecting Water Quality	
Types of Water Pollution	
Lesson 4–Air Quality	V-7
Air Quality	
Types of Air Pollution Affecting Air Quality	
Sources of Pollution	
Maintaining Air Quality	
Ensuring Air Quality	
Lesson 5–Wildlife Management	V-9
Wildlife Management	
Factors Affecting Wildlife Habitat	
Wildlife Management Agencies	
Wildlife Management Practices	
Lesson 6–Conservation Issues in Agriculture	V-11
Agriculture-Related Conservation Issues	
Conservation Legislation	
Natural Resource Conservation in Agriculture	
 UNIT VI - LEADERSHIP AND PERSONAL DEVELOPMENT	
Lesson 1–Developing Personal Leadership Skills	VI-1
Personal Leadership	
Importance of Leadership Skills	
Setting Goals	
Communication Skills	
Parliamentary Procedure	
National FFA Organization	
Lesson 2–Importance of Financial Records	VI-2
Saving Money for the Future	
Calculating Interest	

Expenses and Receipts
Importance of Personal Financial Records

UNIT VII - BASIC HOME AND FARMSTEAD SAFETY AND MAINTENANCE

Lesson 1–Electricity	VII-1
What Is Electricity?	
Generating and Transporting Electricity	
Measuring Electricity	
Fuses and Circuit Breakers	
Hot, Neutral, and Ground Wires	
Types of Lightbulbs	
Hazards Associated with the Use of Electricity	
Lesson 2–Common Measurements and Their Uses.....	VII-5
Linear Measurements	
Area Measurements	
Volume Calculation	
Weight Measurements	
Lesson 3–Common Tools and Their Uses	VII-6
Common Hand Tools and Their Uses	
Common Power Tools and Their Uses	
Lesson 4–Personal Safety Practices	VII-9
Eye Protection	
Proper Clothing	
Cleanliness	
Hand Tool Safety	
Power Tool Safety	
Lesson 5–Safety and Maintenance Procedures for Lawn and Garden Equipment.....	VII-11
Common Lawn and Garden Hand Tools	
Common Power Lawn Equipment	
Differences Between Two- and Four-Stroke Engines	
Safety Guidelines for Using Hand Lawn Equipment	
Safety Guidelines for Power Lawn Equipment	
Maintenance Procedures for Hand Lawn Equipment	
Maintenance Procedures for Power Lawn Equipment
