| Lesson 4: Forestry Tools and Equipment |        |  | Date        |  |
|  |        | Evalu  | ation       |  |
| Dir                                    | ectio  | ons: Please answer the following que                   | estions.    |  |
| 1.                                     | a.     | t two tools used for pruning and the s<br><u>Tools</u> | Crops       |  |
| 2.                                     | List   | t two tools used for planting trees.                   |             |  |
| 3.                                     | List   | specific uses  |             |  |
|  | a.     | <u>Tools</u>   | <u>Uses</u> |  |
|  | b.     |  |             |  |
|  | с.     |  |             |  |
|  | d.     |  |             |  |
|  | e.     |  |             |  |

4. What should be worn when using a chain saw?

| 5. | What are three things to check to assure that your chain saw is in safe, efficient working order?  |  |  |  |
|----|--|--|--|--|
|    | a<br>b   |  |  |  |
|    | C  |  |  |  |
| 6. | What is the proper procedure for starting a chain saw?   |  |  |  |
|    |  |  |  |  |
|    |  |  |  |  |
| 7. | What is the proper procedure for cutting with a chain saw?   |  |  |  |
|    |  |  |  |  |
|    |  |  |  |  |
| 3. | What is involved in a felling safety plan?   |  |  |  |
|    | remain and a second participation of the second participat |  |  |  |
|    |  |  |  |  |
| 9. | Explain two safety hazards in limbing trees and how they may be avoided.  a  |  |  |  |
|    |  |  |  |  |
|    | b  |  |  |  |
|    |  |  |  |  |

| 10. | W     | What is the procedure for bucking logs if the: |  |  |  |
|-----|-------|--|--|--|--|
|     | a.    | Lo   | g is supported along the entire length?  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     | b.    | Lo   | g is supported from one end?   |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     | c.    | Lo   | g is supported at both ends?   |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
| 11. | W     | /hat   | are four ways to avoid kickback?   |  |  |
|     | a.    |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
| Dir | an di | tion   | c. Indicate whether the following statements are true (T) or false (E)         |  |  |
| DΠ  | CC    | LIUII  | s: Indicate whether the following statements are true (T) or false (F).        |  |  |
|     |       | 12.  | The axe no longer has a value as a forest tool.                                |  |  |
|     |       | 13.  | Steel wedges are used to aid in felling trees.                                 |  |  |
|     |       | 14.  | When using a peavey or cant hook, it is safest to roll logs away from you.     |  |  |
|     |       | 15.  | Loss of footing accounts for $1/6$ of the 50,000 chain saw accidents annually. |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
|     |       |  |  |  |  |
