							4. Greet and direct radiology patients	
							5. Identify approaches for communicating with different types of patients	
							6. Maintain patient confidentiality	
							Other:	

0	1	2	3	4	5	6	<b>B. Process films and maintain and operate the darkroom</b>	<b>Notes:</b>
							1. Identify parts and functions of the processor	
							2. Prepare processor for operation	
							3. Maintain darkroom integrity	
							4. Restock film	
							5. Flash radiograph with patient identification	
							6. Process radiographs	
							7. Unload and clean cassettes	
							8. Match processed radiographs with correct jacket and requisition	
							9. Process electronic images	
							10. Maintain electronic image receptors	
							11. Enter patient information into electronic image processor	
							12. Locate and use MSDS information	
							Other:	

0	1	2	3	4	5	6	<b>C. Demonstrate basic patient care</b>	<b>Notes:</b>
							1. Identify special precautions to follow when caring for geriatric patients	
							2. Identify signs of infiltrated IVs	
							3. Supervise an independent transfer	
							4. Transfer patient from bed to wheelchair	
							5. Transfer patient from stretcher to radiographic table	
							6. Transfer patient from wheelchair to radiographic table	
							7. Transport patient via wheelchair	
							8. Transport patient via stretcher or bed	
							9. Transport patient on oxygen therapy	
							10. Assist patient to and from bathroom	
							11. Give and remove a bedpan	
							12. Give and remove a urinal	
							13. Maintain patient's urinary catheter	
							14. Identify the radiology aide's role in assisting professional staff with critically injured or ill patients	
							15. Respond to signs and symptoms of patient distress	
							16. Follow hospital emergency code procedures	
							17. Understand the importance of correct patient identification procedures	
							18. Transport a patient with IV therapy	
							Other:	

0	1	2	3	4	5	6	<b>D. Prepare and maintain radiographic room and supplies</b>	<b>Notes:</b>
							1. Follow radiation safety practices	
							2. Identify types of radiographic procedures	
							3. Identify radiographic cassettes by size and type	
							4. Prepare the patient and his or her records for the exam	
							5. Assist the technologist with room preparation for general diagnostic, fluoroscopic, and urography procedures	
							6. Mix barium preparation	
							7. Assist radiographer to position patients for radiographs	
							8. Clean radiographic room, observing standard precautions	

								9. Restock supplies and linens	
								Other:	

<b>0</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>	<b>E. Demonstrate professional interpersonal and communication skills</b>	<b>Notes:</b>
							1. Answer phone and record messages	
							2. Confirm appointments	
							3. Schedule procedures	
							4. File radiographs accurately	
							5. Follow HIPPA regulations regarding patient privacy	
							Other:
