## Unit 1: Research and Writing

### Lesson: Pre and Post Reading Comprehension

<u>Objectives</u>: Reading comprehension is an important skill any program. The use of technical manuals and other documentation that students must understand in order to complete a task is a skill that must be learned. At the conclusion of this lesson students will:

- Demonstrate an understanding of the material by completing assignment
- Apply the knowledge learned during lab work
- Comprehend reading material

#### Discussion:

Why is it important to be able to comprehend the technical manuals or journals in your skill area?

<u>Assignment</u>: Reading of a Lesson Completion of Anticipation Guide/Prediction Guide

<u>Resources</u>: Textbook or reading source Anticipation/Prediction Guide Pen/Pencil

Evaluation: Class Discussion (Teacher Observation) Completion of Anticipation Guide

Standards: Reading 1F

Name: \_\_\_\_\_

Category	4	3	2	1	Points Received
Understanding/ Comprehension	Student can identify the main idea(s) of the article and fully explain them.	Student gets the main idea of the article.	Student is not clear on the main idea of the article.	Student cannot explain what article is about.	
Understanding: • Connections • Questions • Predictions	Student can make several connections and predictions and can form questions over the article.	Student can make at least one connection, one prediction, and form one question over the article.	Student can do two of the three activities.	Student can do two of the activities but needs prompting/assistance or can only do one or cannot do any.	
Uses context clues	Student is consistent in figuring out meaning of unknown vocabulary words through context clues (can give definition/example and explain).	Student can figure out the meaning of unknown vocabulary words.	Student is not consistent in figuring out meaning of unknown vocabulary words.	Student struggles with meaning of unknown vocabulary words.	
Total Points					

#### Lesson: Job Related Vocabulary

<u>Objective</u>: This lesson will cover job related terminology used in the workplace. All students need to learn the terminology used in their program area for effective communication within their field. At the end of these lessons students will:

- Identify terms that are essential for the skill training area
- Develop a notebook of terms in their related field
- Apply correct terminology on a daily basis
- Satisfactorily complete a test of terms
- Improve reading comprehension in their skill training area

<u>Discussion</u>: Why is it important to know the terminology in your skill area?

<u>Assignment</u>: Notebook of Terms for Skill Area

Evaluations: Pre Test Post Test

Standards: Reading 1E

## Job-Related Vocabulary Scoring Guide

Name: \_\_\_\_\_

Category	4	3	2	1	Points Received
Identifying Terms (post test score used to determine)	Student can consistently identify and use vocabulary terms correctly	Student can consistently identify OR use vocabulary terms correctly	Student is inconsistent with their vocabulary usage	Student struggles with vocabulary words	
Quality of Information	O Word/definition O Examples O vocabulary words	O Word/definition O Examples O vocabulary words	One item missing from previous list and/or weak number of vocabulary words	Missing many items/not complete	
Mechanics/ Conventions	O Legible O Neat O Grammar O Spelling			O Not legible O Not neat O Grammar O Spelling	
Total Points					

#### Lesson: Article/Journal Review or Technical Manual Report

<u>Objectives</u>: Students should be able to comprehend material that is pertinent to their skill area. This information can be found in articles in published material or in technical manuals that pertain to their program area. All students should be able to write a summary on material read in these publications. At the conclusion of this lesson students will:

- Chose an article, journal, or technical manual in their skill area
- Read the chosen work for pertinent content and key points
- Select the pertinent information from the publication
- Compose a rough draft summary and review it for punctuation, spelling, and grammar
- Complete a final copy of the review

#### Discussion:

Why is it important to be able to read and comprehend publications that are pertinent to your skill area?

<u>Assignment</u>: Choose a publication and an article of information Write a Summary: Rough draft and a final copy of the review

<u>Resources</u>: Handout Paper, Pencils Technical Manuals/Publications

<u>Evaluation</u>: Journal/Article Review Scoring guide

<u>Course Level Expectations:</u> Reading 1C-D,1F-H; 3A, 3C

Name: \_\_\_\_\_

Category	4	3	2	1	Points Received
Sources	All sources (information and graphics) are accurately documented in the desired format	All sources (information and graphics) are accurately documented, but a few are not in the desired format	All sources (information and graphics) are accurately documented, but many are not in the desired format	Sources are not accurately documented	
Quality of Information	Information clearly relates to the main topic. In includes several supporting details and/or examples.	Information clearly relates to the main topic. It provides 1-2 supporting details and/or examples.	Information clearly relates to the main topic. No details and/or examples are given.	Information has little or nothing to do with the main topic.	
Mechanics	No grammatical, spelling or punctuation errors.	Almost no grammatical, spelling, or punctuation errors.	A few grammatical, spelling, or punctuation errors.	Many grammatical, spelling, or punctuation errors.	
Amount of Information	All topics are addressed and all questions answered with at least 2 sentences about each.	All topics are addressed and most questions answered with at least 2 sentences about each.	All topics are addressed, and most questions answered with 1 sentence about each.	One or more topics were not addressed.	
First Draft	Detailed draft is neatly presented and includes all required information.	Draft includes all required information and is legible.	Draft includes most required information and is legible.	Draft is missing required information and is difficult to read.	
Total Points					

### Lesson: Written Research Paper

<u>Objectives</u>: Students must learn to express themselves in a written format. In this lesson students will create a written research paper. At the conclusion of this lesson students will:

- Establish a topic of interest in their skill area
- Document sources correctly
- Produce a rough draft using notecards and/or outline
- Organize information that is clear and understandable
- Compose a final draft with minimal grammatical, spelling or punctuation errors

<u>Discussion</u>: Why is it important to state your educated opinion on a topic?

<u>Assignment</u>: Complete a written research paper

<u>Resources</u>: Textbook Internet Classroom materials

Evaluation: Research Paper Scoring Guide

# Unit 2: Business Writing

## Lesson: Technical Drawing & Chart Reading Scoring Guide

<u>Objectives</u>: Students will be able to effectively read and interpret charts and technical drawing as they relate to their career area. At the end of this lesson students will:

- Accurately identify and describe drawings
- Identify, demonstrate, and complete knowledge activities on measuring systems used

<u>Discussion</u>: Why is it necessary to be able to read blueprints and technical drawings?

<u>Assignment</u>: Worksheet activities Personal Work Skills

<u>Resources</u>: Handouts Technical Manuals

Evaluation: Program Specific Technical Drawing and Chart Reading Scoring Guide

Course Level Expectations: Reading 3A

Name: \_\_\_\_\_

Category	4	3	2	1	Points Received
Drawings	Student can accurately identify and describe all different types of drawings	Student could only identify 2 types of drawings	Student identified only 1 type of drawing	Student could not identify any types of drawings	
Measurements	Student can identify, demonstrate and complete knowledge activities on all measuring systems used	Student completed activity with a good understanding of measuring systems	Students did not complete activity	Student made no effort	
Lines	Student was able to identify and label 11 different types of "lines" used on construction blueprints	Student labeled 7-9 types of lines	Student labeled 4-6 types of lines	Student labeled 1-3 types of lines	
Scales	Completed 3 different drawings using the 3 different scale rulers	Student completed 2 drawings	Student completed 1 drawing	Student made little effort	
Symbols	The student correctly labeled all symbols and abbreviations on a simulated construction plan	Student labeled most symbols	Student labeled less than 1/2 of the symbols	Student made little effort	
Total Points					

#### Lesson: Preparing a Business Form

<u>Objectives</u>: Students must be able to prepare a business form in their related trade. In this lesson students will prepare a business form that is relevant to their specific career area. The form should be a:

- Repair Order
- Invoice
- Purchase Order
- Estimate
- Other Comparable Document

At the conclusion of this lesson students will:

- Prepare a related business form
- Demonstrate the use of the form in their career area

## Discussion:

How are these forms used in your related trade area to help the business achieve a more organized operation?

Assignment: Complete a related business form

<u>Resources</u>: Textbook Internet Classroom Handouts

<u>Evaluation</u>: Preparing a Business Form Scoring guide

Standards: Writing 3A Preparing a Business Form

#### Lesson: Write professional correspondence related to technical area

(i.e. proposal, memos, medical notes)

<u>Objectives</u>: Students must be able to communicate technical information in writing (psychomotor). Students will know the legal realm of correspondence (cognitive). At the conclusion of this lesson the student will:

- Write a proposal, memo or medical note related to the technical area
- Apply technical terminology, abbreviations and legal implications to correspondence
- Compose the proposal, memo or medical note with correct spelling and proper grammar

<u>Discussion:</u> Why is it important to be able to communicate, in writing, with other individuals in the technical area?

<u>Assignment:</u> Practice correspondence

<u>Resources</u>: Text or related resources Computer/Software Audiovisual Equipment Demonstration and Practice

<u>Evaluation</u>: Professional Correspondence Scoring Guide

<u>Course Level Expectations:</u> Writing 2A-E

## Professional Correspondence Scoring Guide

Name: \_\_\_\_\_

Category	4	3	2	1	Points Received
Focus on Topic (Content)	There is a clear, well-focused topic. Main idea stands out and is supported by detailed information.	Main idea is clear, but the supporting information is general.	Main idea is somewhat clear, but there is a need for more supporting information.	The main idea is not clear. There is a seemingly random collection of information.	
Accuracy of Facts (Content)	All supportive facts are reported accurately and technical information is used.	Almost all supportive facts are reported accurately and some technical information is used.	Most supportive facts are reported accurately, very little technical information is used	NO facts are reported OR most are inaccurately reported and no technical information is used.	
Sources (Content)	All sources used for facts are credible and cited correctly.	All sources used for facts are credible and most are cited correctly.	Most sources used for facts are credible and cited correctly.	Many sources used for quote facts are less than credible (suspect) and/or are not cited correctly.	
Support for Topic (Content)	Relevant, telling, quality details give the reader important information that goes beyond the obvious or predictable.	Supporting details and information are relevant, but one key issue or portion of the information is unsupported.	Supporting details and information are relevant, but several key issues or portions of the information are unsupported.	Supporting details and information are typically unclear or not related to the topic.	
Grammar & Spelling (Conventions)	Writer makes no errors in grammar or spelling that distracts the reader from the content.	Writer makes 1-2 errors in grammar or spelling that distract the reader from the content.	Writer makes 3-4 errors in grammar or spelling that distract the reader from the content.	Writer makes more than 4 errors in grammar or spelling that distracts the reader from the content.	
Format and Penmanship (Conventions)	Paper is neatly written or typed with no distracting corrections and format and spacing is perfect.	Paper is neatly written or typed with 1 or 2 errors such as distracting corrections (ex: dark cross-outs, bumpy white- out, words written over) or format/spacing errors.	The writing is generally readable, but the reader has to exert quite a bit of effort to figure out some of the words or 3-4 errors in spacing.	Many words are unreadable OR there are several distracting corrections OR formatting makes it difficult to read.	
Total Points					

### Lesson: Follow Procedures on a Skill Exercise

<u>Objectives</u>: It is important for students to be able to follow procedures or instructions when completing an assigned task. In preparation for a career, students must demonstrate successfully their ability to follow verbal or written instructions or procedures. As a result of this lesson students will:

- Outline the steps in completing a task
- Apply safety procedures as necessary
- Apply specific techniques used in the skill training area
- Utilize the problem-solving process
- Produce the required output

<u>Discussion</u>: Why is it important to be able to follow instructions?

<u>Assignments</u>: Daily or Weekly Assignments (Jobs) Handouts

Evaluations: Scoring Guide

Standards: Reading 3D Follow Procedures on a Skill Exercise Scoring Guide

Category	4	3	2	1	Points Received
Outline	Student was able to state all the steps required to complete the job	Student was able to state most of the steps required to complete the job	Student was able to state some of the steps required to complete the job	Student could not state any steps required to complete the job	
Safety Procedures	Student used all safety precautions necessary to complete the job	Student used most of the safety precautions necessary to complete the job	Student used some of the safety precautions necessary to complete the job	Student used no safety precautions necessary to complete the job	
Techniques	Student used the techniques taught in class to complete the job	Student used most of the techniques taught in class to complete the job	Student used some of the techniques taught in class to complete the job	Student used no techniques taught in class to complete the job	
Problem-Solving	Student utilized the 6 steps in the problem-solving process to complete the job	Student utilized at least 5 steps in the problem-solving process to complete the job	Student utilized 3-4 steps in the problem-solving process to complete the job	Student did not use the problem-solving process	
Output	The job was completed to 100% mastery	The job was completed with 90% mastery	The job was completed with 80% mastery	The job was completed with 70% mastery	
Total Points					

# Unit 3: Job Skills

## Lesson: Create a Cover Letter for a Job Resume or Application

<u>Objectives</u>: It is important for all students to gain skills to prepare them for employment. This task engages students in a real life situation that will measure the student's ability to communicate effectively with potential employers. At the end of this lesson students will:

- Explain the purpose of a cover letter
- Describe the parts of a cover letter
- Compose a cover letter

Discussion:

Why is a cover letter important to take or send with a resume to a potential employer?

<u>Assignment</u>: Typed Compose a cover letter Upload final copy to Missouri Connections

<u>Resources</u>: Sample Cover Letters Paper/Pens Internet/Computer- Missouri Connections

## Lesson: Creation of a Resume

<u>Objectives</u>: Writing a resume is a difficult task, therefore students must learn the methods utilized in preparing a resume. Students must keep the job target in mind when writing a resume and list relevant information that pertains to the job they are seeking. At the conclusion of this lesson students will:

- Assess skills and abilities required in a variety of career options and relate them to their own skills and abilities
- Utilize a career planning process that includes self-assessment, personal development, and a career portfolio as a way to gain initial entry into the workplace
- Demonstrate job seeking skills
- Assess personal, educational, and career skills that are transferable among various jobs
- Identify relevant coursework and extra curricular activities

## Discussion:

Why is a resume important and what information is needed to construct a professional resume?

<u>Assignment</u>: Typed Complete a resume using tools and materials given Upload final resume to Missouri Connections

<u>Resources</u>: Worksheets PowerPoint Computer/Internet- Missouri Connections

Evaluation: Resume Writing Scoring Guide

Standards: Writing 2A-E, 3A

Category	4	3	2	1	Points Received

Total Points					

<u>Objectives</u>: Students must be prepared for job interviews. If a student's cover letter and resume have garnered a job interview, the student should understand the interview process and what they can do to maximize the possibility of being hired. This lesson will prepare students for the interview process. At the end of this lesson students will:

- Describe the purpose and importance of the job interview process
- Differentiate between the types of job interviews (informal, formal, committee, and phone interview) and how to prepare for each
- Recognize the importance of presenting oneself in a professional manner
- Prepare for and participate in a mock interview session
- Demonstrate proper etiquette for the interview process

<u>Discussion</u>: Why would students need to be prepared for the interview process?

Assignment: Demonstration Handout Mock Job Interview

Evaluation: Job Interview Scoring Guide

<u>Standards:</u> Listening & Speaking 2A

Name: \_\_\_\_\_

## Lesson: Debate an Issue Relating to Area of Study

<u>Objectives</u>: It is important for students to develop critical thinking and presentation skills. This lesson will require students to apply both skills when debating an issue that is pertinent to their area of study. Some of the skills that this lesson will promote are abstract and analytical thinking, appropriate language usage in skill area, organization of facts, persuasion and research. At the end of this lesson students will:

- Understand the debate process
- Appropriately document research
- Analyze the topic
- Apply pertinent vocabulary in the debate process
- Organize facts

## Discussion:

Why is it important to be able to debate an issue in your area of study?

Assignment:

Prepare and organize notes outlining the research you collected Follow the debate rules Handout

Evaluation: Scoring Guide

Total Points					

### Lesson: Interpersonal Skills

<u>Objectives</u>: One of the most important job skills a student can learn is that of working with their peers and customer relations. This lesson will give the students the skills in developing those areas. At the end of this lesson students will:

- Demonstrate cooperative behavior when working with a team
- Demonstrate mentoring of other students in their skill area
- Develop proper customer service skills
- Develop leadership in the workplace
- Recognize, accept, and appreciate ethnic and cultural diversity

## Discussion:

Why is it important to get along with the people you work with? Why is it important to treat customers appropriately?

<u>Assignment</u>: Demonstration Handout Daily Activities

Evaluation: Interpersonal Skills Scoring Guide or Employability Points

Demonstrates a Level of Concern for Learning	<u> </u>			
1. Remains on task	<u> </u>			
2. Allows others to remain on task				

## Lesson: Diversity Awareness and Working with People: Learning to Work Together – Overview

<u>Objective</u>: All employees need to be familiar with diversity in the workplace; this includes the laws and agencies that monitor these laws. At the conclusion of this lesson students will:

- Discuss how to work well with others in a diverse setting
- Describe laws of a chosen career field that are important to today's working environment; Equal Employment Opportunity, American with Disabilities Act, etc.,
- Discuss and describe the situations under which sexual harassment occurs
- Define prejudice and stereotypes and explain the steps necessary to develop positive attitudes towards people
- Discuss the importance of teamwork and working with others to more effective accomplish occupational tasks

### Discussion:

Why is it important for you to know the laws and agencies that monitor employment standards?

## Assignments:

Read section on teamwork and diversity awareness Project – 1 page paper Worksheet Quiz Test Case Study

#### <u>Resources</u>: Test and supplied materials

<u>Evaluations</u>: Test Scoring Guide

<u>Course Level Expectations:</u> Listening & Speaking 1A

# Unit 5: Oral Presentation Skills

## Lesson: Job Skill Demonstration

<u>Objective</u>: The purpose of this activity is for students to demonstrate their ability to perform an assigned task in their skill training area. As a result of this lesson students will:

- Apply specific techniques used in skill training area
- Identify scope of demonstration
- Utilize the problem-solving process in the development of the demonstration
- Develop a presentation

<u>Discussion</u>: Why is it important to be able to perform a job skill?

<u>Assignments</u>: Develop a demonstration of a skill used in the program area.

<u>Resources</u>: Materials and Tools used in the program area SkillsUSA Handbook

<u>Evaluations</u>: Performance Based Testing Scoring Guide

Standards: Listening & Speaking 1A-B, 2A Job Skill Demonstration
