

Impact of Technology on business

Students should read the following article <http://money.howstuffworks.com/technology-changed-business1.htm> from howstuffworks.com. Students should think of technology and how they think it will change business in the future (Facebook, texting, twitter – a famous actor tweets that he loves a restaurant, tweeting where food vans will be today).

Write a one page summary on the article and your opinions on how technology will change business in the future.
