

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Supply when Price =	\$ 2	110
	\$ 4	230
	\$ 6	390
	\$ 8	520
	\$ 10	650
	\$ 12	790

Demand when Price =	\$ 2	850
	\$ 4	700
	\$ 6	590
	\$ 8	475
	\$ 10	250
	\$ 12	75

**Directions:**

Chart Supply according to the information given.

Chart Demand according to the information given.

Chart both Supply and Demand on the Market Price graph. Circle the area where market price is determined and fill in the price and quantity. (A close estimate will be sufficient.)

Market price = \_\_\_\_\_ when quantity = \_\_\_\_\_.
